

Hygiene Policy

Aim
The aim of this policy is to promote high standards of personal and environmental hygiene throughout the school to safeguard the health, safety, and wellbeing of all students, staff, and visitors and to reduce the risk of illness and infection
Scope
This policy applies to all students, staff, contractors, volunteers, visitors, and any individuals using school facilities or participating in school activities.
Roles and Responsibilities
School Administration • Ensure appropriate hygiene procedures, facilities, and resources are available throughout the school. • Monitor compliance with hygiene standards and arrange regular cleaning and maintenance of school premises. • Promote hygiene awareness and implement measures to prevent and manage the spread of illness. Teachers • Model and reinforce good hygiene practices among students. • Monitor classroom hygiene and encourage students to maintain clean and organised learning environments. • Report hygiene concerns, hazards, or potential health risks to the appropriate personnel. Students • Follow good personal hygiene practices, including regular handwashing and proper respiratory etiquette. • Help keep classrooms, shared spaces, and school facilities clean and tidy. • Report any hygiene concerns, illness, or unsafe conditions to a member of staff. Parents/Guardians • Encourage and support good hygiene practices at home. • Ensure their child attends school in a clean and hygienic condition and with any required personal hygiene items. • Keep children at home when they are unwell and inform the school of any contagious illnesses where appropriate. School Nurse • Promote health and hygiene awareness among students and staff through guidance and education. • Monitor and support students with hygiene-related or communicable health concerns and provide appropriate advice.

Vision: To foster academic excellence, nurture ethical values, and develop leadership skills, preparing students to thrive in a diverse world.

Mission: We promote intellectual growth, ethical responsibility, and global awareness, empowering students to contribute positively to society.

Motto: Rooted in faith, striving for excellence

- Work with parents/guardians and school staff to help prevent and manage the spread of illness within the school community.

General Guidelines

1. The school promotes good personal hygiene to help students stay healthy and feel well.
2. Students are encouraged to wash their hands regularly, especially after using the bathroom, before eating, and after outdoor play.
3. Soap and water are available at all times, and hand sanitiser is provided when needed.
4. The school nurse supports student health and provides guidance on hygiene-related concerns.
5. Students with contagious illnesses should stay at home until they have fully recovered, typically for 48 hours after symptoms have stopped.
6. Good hygiene habits are taught as part of the daily school routine while respecting students' cultural backgrounds and privacy.

Monitoring and Evaluation

The school will regularly monitor hygiene practices, cleanliness standards, and health-related incidents to ensure a safe and healthy environment for all members of the school community. Hygiene procedures and this policy will be reviewed periodically to assess effectiveness and identify areas for improvement.
